

REPORT OF INDUSTRIAL VISIT TO BDL

07-02-2017,
Kandukur.

To
The HOD
Department Of ECE,
Prakasam engg College,
Kandukur.

Dear Sir,
Sub: Report of the One – Day industrial visit to BDL

We students of IV ECE were informed two days before that an industrial visit to BDL was scheduled. As instructed by our faculty we assembled at college by 9:00 a.m. Altogether 44 students boarded the bus along with Two Faculty members and one Lab Assistant. Buses started at 9.30 a.m and we reached BDL by 10.30 a.m. The Engineer there received us and we were taken to control Room. We were divided into two groups, half the batch was explained about the control room operation. The remaining half was guided by a Sub Engineer present there. They were taken to switch yard. They have explained us very clearly in sequence of distribution and transmission from input to output of substation. The visit came to an end at 2.30 p.m.

We left the premises at 2.30p.m and came back to college by 3.20 p.m It was an informative, interesting and a successful visit. As students of E&C Engineering, We Have learned about the different equipments present in Substation. We express our thanks to the HOD, PRINCIPAL who permitted us to go on the visit, the faculty members who accompanied us and the officials who explained the various departments. Behalf the students we request you to arrange more industrial visit for the students which can practically train the students.

Thanking you

Yours Faithfully,
IV ECE –students.
