Our college organized a camp or blood donation on our campus. All the students were donating blood. 7 nurses and 3 doctors from District Civil Hospital came to our college for providing their valuable services for the mission. The core goal of this program was to collect blood and donate it to the District Army Hospital.

The principal, faculty members and students donated their blood happily. We felt proud of such kind of good decision by helping poor people. Further more, outsiders were also invited for this purpose. A large number of people gave their blood willingly. All were happy that they got the opportunity to participate in this act.

The doctors collected more than five hundred units of blood from the volunteers. The collected blood was donated to the hospital as per the goal of the program to save the lives of the soldiers..

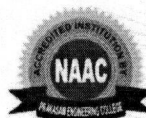

The principal also arranged fresh juices for all the volunteers so that they may not feel fatigued after donating blood. In the last moments, the principal thanked everyone for their co-operation and we promised to frequently become a part of such programs.

Our Respected College vice Principal spoke to the female student about women's hygiene practices. While speaking to the literers, they mentioned that women need maintain good physical and mental health in order to be able to handle problems. According to the most recent statistics, India's population is more than half without access to toilets. The perception of the necessity for adequate and scientific healthy and hygienic behaviors varies greatly between rural and urban women. Adolescent girls lack knowledge about concerns related to female health and sanitation, particularly in rural regions. The majority of teenage girls seek knowledge from their classmates since they don't know any better. Girls are prevented from attending universities and schools due to a lack of suitable sanitary facilities.

Date of Event : 05-03-2020
Total Beneficiaries : Public
Out comes : Create awareness to dropout students
No of NSS Volunteers: 20

Today we have conducted school education drop out programme at Kesaragunta colony Kandukur. Our volunteers explained the importance of education and consulted each and every child to inculcate interest on studies in them. They played a skit to motivate children towards school education.

After lunch we started again school education dropout awareness programme. Today's chief guest Dr.K. Ramaiah, Secretary and Correspondent, Prakasam Engineering College Kandukur, resides over the function. He said that 8th, 9th and even 10th standard kids are trained and these are the most crucial years to develop their over-all personality and also Dropout cases too are rampant in these grades so if kids are left behind in these grades, it will be almost impossible for them to get into a college later. He motivated the village people about children's education. Volunteers are happy for this success. Again our volunteers explained about school education dropouts and its effect on human life and its prevention

Rally on importance of vegetarian food

Name of the Event : Rally on importance of vegetarian food
Place of the Event : Kandukur
Date of Event : 23-10-2018
Total Beneficiaries : Public
Out comes : To aware importance of vegetarian food
No of NSS Volunteers : 40

NSS volunteers actively participated in the rally. This rally is to convey about the vegetarian foods. Now a days everyone is addicted to non vegetarian foods and completely avoiding vegetarian foods. Vegetarian is good to health, only by neglecting these foods in our day life so many people are suffering with lots of diseases without any particularities.

In order to avoid all those problems one need to take vegetarian foods 3 twice a week atleast. There are lots of benefits and genetic values in vegetarian foods.

Hence I would like to thank the coordinators of NSS Cell, JNTUK for their guidance and support and encouragement to organise these kind of programmes in our college
