

**Portray the Performance of the Institution  
in one Area Distinctive to its Priority and  
Thrust**

**1. The performance of the institution in one area distinctive to its vision:** The college is a coeducational institution situated in an economically backward and rural area of SPSR District. The college offers undergraduate programmes. At present there are seven departments which offer B.Tech, M.Tech, MBA, MCA and Diploma. Every year large number of rural students (Girls and Boys) takes admission in different courses offered by the college and the college makes it sure to provide all the basic need-based facilities to students as per the direction of the University and the State Government.

The College always aspires to help poor and needy students so that they can overcome their academic hurdles. The college also undertakes several initiatives to sensitize students to gender equity, energy conservation measures, inclusiveness, human values etc. Keeping all these in view, the college organizes several programmes such as lectures, popular talks, workshops, seminars, sports competition, activities under NSS and NCC units, Extension Activity Committee of the college at a regular interval in the college campus as well as in the local areas. The college always ensures participation of students as well as of the local people in such programmes of the college. So that students and local people can be sensitized to such issues. Besides, local people are allowed to use all the available facilities of the college such as the playground for running, walking and sports activities for their physical development, the college auditorium for cultural activities and conferences etc. Therefore, it can be said that the college provides quality education and opportunities to students as well as to local people for their intellectual and emotional growth through different programmes which are relevant and responsive to the needs of the rural and educationally backward society of this region of the state.

**2. The performance of the institution in one area distinctive to its priority:** College gives priority to promote education to poor students of rural background. The students of the locality can't afford their education in the urban Colleges, due to several reasons basically financial. So, our College provides academic environment to those aspiring students of the rural area so that they can move ahead in their academic endeavour. Keeping holistic development of the students in view, the college encourages them to participate in extracurricular activities (NSS, cultural, literary and sports) so that they cop up with students of the main stream. Besides, the college also organizes several talks, seminars, workshops etc., to apprise students to the burning national and international issues.
